

Experience Bridges' Live In Toronto!

An exciting interactive day that gives participants unique hands-on opportunities to explore software, special needs curricula and adaptive devices to meet the needs of students with special needs especially those in the intermediate and senior level.

Presentations will place the technology in a context of research, strategies and curriculum goals in a lively interactive talk, play, talk format.

Technology tools and curricula for students:

- With cognitive challenges
- Who are non-verbal
- On the Autism Spectrum
- In designated classrooms or alternative curriculum
- In MID, DD or other specialized programs

Participants will:

- Explore hands-on new symbols supported software for adapting curriculum on our laptop lab
- Test-drive new age neutral literacy and math curricula
- See the latest in Ipad accessories and software for special education
- Try the latest low tech and mid tech communication devices
- Network with other educators and consultants in the area

Products to be explored:

- Equals Math Curriculum for Students with Special Needs – Canadian edition
- MEville to WEville Literacy Curriculum for Students with Special Needs
- Communicate:InPrint
- Communicate:SymWriter
- iAdapter, Blue2™ Bluetooth® Switch, SoundingBoard communication software and mounts for iPad
- VideoBrix, Audable, TalkTrac and other new tools for communication, hearing and access

Who should attend:

- Speech Language Pathologists, Occupational Therapists, CDA's
- Teachers of students with disabilities
- Autism Spectrum Disorder Consultants
- Special Education Resource Teachers, Educational Assistants
- Parents and advocates of children with disabilities
